Summary of Feedback and Suggestions from Parents During the 2019-20 Parent-Teacher Meeting

Parents expressed their appreciation for the well-organized Parent-Teacher Meeting at Anand Education College, Anand, managed by Shri Ramkrishna Seva Mandal. They were particularly impressed by the warm welcome extended to them through the use of flowers.

They were pleased to learn that the college operates on the principles of "Bahu-Jan Hitay, Bahu-Jan Sukhay" (for the welfare of the masses) and follows the guiding principles of "Vidya, Vinay, and Seva" (Knowledge, Humility, and Service). They were genuinely happy to see the college's alignment with these values.

Parents appreciated the balance between education and moral development, acknowledging that the college provided a harmonious blend of both academic learning and value-based education.

One of the suggestions made by parents was to adjust the timing of the computer classes within the college schedule. They also suggested that the number of lessons be reduced, as they felt it was excessive.

They strongly believed that Anand Education College provided quality education for their daughters, contributing to both their academic growth and personal development. The college also offered a range of co-curricular activities to complement academic learning.

Parents felt a deep sense of pride in sending their daughters to the college, as they saw their holistic development and character building. The college environment, as well as the interaction with the faculty and principal, made them feel content and confident about their daughters' future.
